

Marking Services Incorporated

## Tools and Accessories

### Sealing Press

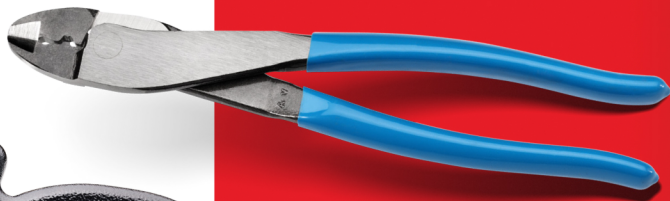

### Cable Wire Cutter

### Crimp Tool

Channel lock crimp tool for use on installation of valve tags, markers, and signs.

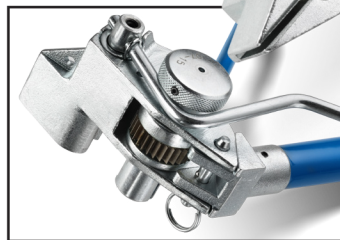

### Locking Tool for 35" - 60" Strap

This pocket-sized locking tool punches a dimple and a fold into the strap, forming a permanent lock. Fast and easy to use.

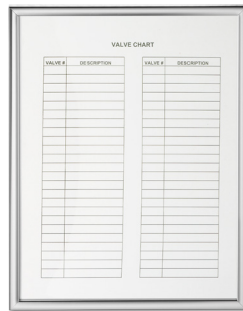

### Locking Tool for Coil Strap

This locking tool is used to attach a coil strap, cut to size, from 200' coil. The tool easily tightens the strap to form a permanent lock.

### Valve Chart Frame

Marking Services offers an aluminum valve chart frame for holding an 8 1/2" x 11" valve chart. Plastic lens included, glass lens available. Durable and easy to install.

Marking Services improves and standardizes the identification of hazards and components to promote safer work environments and minimize downtime due to errors or accidents. We provide a full complement of identification products designed to fulfill identification needs in nearly any environment.

Through our commitment to providing value-added services, high-quality products and on-time delivery, MSI offers you a one-stop, comprehensive source for all your identification needs.
