

Marking Services Australia Pty Ltd.

MS-990AS Coiled Pipe Markers

Marking Services Australia (MSA) offers MS-990AS coiled pipe markers, your fastest and easiest method for installation of pipe markers. MS-990AS pipe markers are designed for identify piping in indoor environments, featuring a protective top layer that provides protection against dust, dirt, oil and other indoor contaminants. The encapsulated printed graphics protect printing and provide excellent resistance to chemicals and liquors.

Markers are installed by wrapping completely around the pipe and self-sealing with a permanent lock down strip to the surface of the marker itself. Since the adhesive never touches the pipe, no preparation of the pipe surface is required for application, reducing installation time.

- Coiled construction installs quickly around pipe
- Ideal for rough, dirty or sweating pipes where adhesive markers cannot be used
- No pipe surface preparation needed
- Can be removed and reused
- Complies with AS 1345-1995 for colour field, chevron arrow design, letter text height and supplemental colour banding
- Flow direction chevron arrows are printed on each marker
- Hundreds of standard legends to choose from
- Standard background colours: Green, Brown, Silver-Grey, Yellow-Ochre, Violet, Light Blue, Black, Red, Orange, White
- Standard legend colours: White, Black
- Custom pipe markers available to meet specific needs for colour, pipe diameter and information
- For use indoors and where high heat is not present

Pipe Diameter (including insulation)	Marker Length	Letter Height	Style
13 mm – 38 mm	203 mm	6 mm	A
41 mm – 57 mm	495 mm	12 mm	B
60 mm – 76 mm	495 mm	25 mm	C
79 mm – 114 mm	495 mm	25 mm	D
118 mm – 149 mm	495 mm	25 mm	E
152 mm - 200 mm	495 mm	25 mm	FC
203 mm - 254 mm	495 mm	25 mm	GC

AS 1345-1995 Standard For Pipe, Conduit and Duct Identification			
Material	Chevron Colour	Colour Scheme	
Water	Green	White on Green
